

CHAPTER 6

6.2 Conservation of Instructional Time

To ensure that maximum use is made of time allowed for instruction, school day activities which result in time out of the classroom shall be kept at a minimum, therefore:

1. Activities scheduled on school time must relate to instructional goals and objectives.
2. Good judgment should be used to minimize conflict with class time for clubs, athletics and bands.
3. All teachers must be in their respective buildings 30 minutes before the opening of school and remain at least ten minutes after the close of school.
