

CHAPTER 9

9.2 School Services for the Community

9.2.1 Staff Appearances

It shall be the policy of the Marshall County Schools to encourage individual staff members to serve in panel discussions, make speeches, and have personal contacts to inform the public of the schools' program and problems.

All topics for discussion should be reviewed and approved by the superintendent in an effort to coordinate and conform with general policies.

9.2.2 Staff Membership in Community Organizations

There should be a high degree of integration of school and community activities; hence, the central office staff and school principals, as leaders of the schools, need to be active and leading members of the school and community organizations. Through dynamic leadership, many avenues may be opened for building community support.

The school and community should not be considered separate and apart, but as working as a unified whole in the educative process.

9.2.3 Use of Students

Students may participate in the representation of the schools only upon the approval of the principal.

It is encouraged that students participate in public relations, but discretion should be exercised to avoid unnecessary criticism.

9.2.4 Senior Citizen Athletic Pass

Senior citizen athletic passes will be available to all citizens of Marshall County ages sixty-five (65) or older. This pass entitles free admission to all Marshall County Schools' athletic functions as authorized by the Marshall County Board of Education. The pass is non transferable and not valid for state playoff games.

Procedures for obtaining the Senior Citizen Athletic Pass are available in the Office of the Assistant Superintendent of Secondary Schools.
