Marshall County Special Olympics	10-18
GDES Trunk or Treat at JMHS Parking Lot	10-28

Sherrard MS Hosts the JM CC Invitational

This past Saturday was the annual JM Cross Country Invitational. Sherrard Middle School served as the venue for the first time. The meet hosted over 500 runners in the Middle and High School Divisions, with 20 teams competing in the event. Notable JMHS performances included Zara Zervos (Soph) - Girls 2nd Place Overall and Mack Allen (Fres) - Boys 5th place overall.

Ag Days

Northern Panhandle Soil Conservation District sponsored Ag Days in Marshall County. 28 John Marshall students and Ms. Shipman volunteered and worked over 11 stations where students could interact with cows, goats, soils, beekeepers, and forestry. All 5th graders in Marshall County attend this event.

Local Artist Works With JM Classes

Every Friday, students in Mrs. G's Art 2 classes will be working with artist in residence Michael McKowen on a project based art initiative that exemplifies the transformative power of the arts. The project is spear-headed by the rural arts collaborative and Oglebay Institute. The Benedum Foundation and EQT sponsored this event.

Paper Models

Stop by and see the paper models of zoological creatures in Ms. Juszczak's room. Her students are coloring and building paper diagrams that open up to show the organs and parts of the animal. Students can lift the paper flaps and work through paper dissections.

Special Olympics

October 18th JM will host Special Olympics. 175 Special Athletes from across Marshall County will join together for a fun filled day! 200 peer tutors from John Marshall and Cameron High Schools will help special athletes compete in basketball and soccer events. JM teachers Mrs. Polmar and Mrs. Wells work with the community and teachers across the county for the success of this event.

Work hard in silence, let your success be your noise!
