

K-2 Technology

Guiding Our Students to Success Using Technology for Testing Readiness

Marshall County Technology Integration Newsletter

Issue 1 September—December 2014

This school year the Marshall County Technology Integration Specialists' (Jennifer Lipinski and Susie Kelch) main focus is to better prepare teachers and students for the **Smarter Balanced Performance Task Assessment** in grades 3-8.

Enclosed in this newsletter is information and activities to assist you in developing the technology skills your students need to be successful upon entering 3rd grade.

21st Century Learn Skills and Technology Tools

We are taking one standard at a time and breaking into sections

21C.O.PK-2.1.TT1 **Student uses keyboard and mouse to enter name and User ID**, types sentences and follows on-screen prompts to successfully operate computers. Student uses printers, audiotapes, and other technologies. Student names common technologies (e.g., CD player, DVD player, video camera, cell phone).

Computer Lab Activities

See attached Technology Task Cards to help you meet your Technology Standards. Computer Lab activities to help students meet this standard:

K Students: practice logging on/off the computer using their MARS login. Practice “mouse skills” by using the **Starfall** website or **Odyssey** program.

Grade 1 Students: continue practicing logging on/off the computer using their MARS login and using correct logins for other programs purchased by the county/school (**Type To Learn**, **Odyssey**).

Grade 2 Students: mastered logging on/off the computer using their MARS login and using correct logins for other programs purchased by the county/school (**Type To Learn**, **Study Island**, and **Odyssey**).

***Students need to use their assigned logins when logging into the MARS domain. Do not log students in under a teachers' MARS account!**

- ◆ If a student cannot login for that session, use the guest login for your school (see school tech facilitator).
- ◆ Submit a work order with students' first and last name, grade level, and WVEIS number to obtain a MARS login.

MARS login cards for students:

Technology Goals

Goals for Kindergarten Students by the end of November:

- Log on/off the computer using login card
- Type first and last name
- Match upper case letters to lower case letters
- Opening Word and typing trick words

Goals for Grade 1 Students by the end of November:

- Type simple sentences
 - Capital letter at beginning of sentence
 - Spacebar once between words and sentences
 - Backspace/Delete to edit
 - Period/Question Mark at the end of the sentence
- Print work
- Logging into Type To Learn and completing 10 minutes of practice bimonthly

Goals for Grade 2 Students by the end of November:

- Continue with the Grade 1 goals above
- Save work into H:\ drive
 - Naming file
- Logging into Type To Learn and completing 15 minutes practice per week
- Demonstrate awareness of home row keys
